The Electric Light Poles Must Go—The Police Uniforms—An Accident on the Central Pacific.

SALT LAKE HERALD BUREAU, OGDEN, April 4, 1889.

The Commercial will see day light for the first time this morning.

A meeting of the board of directors of a number of commercial will be held this evening.

It seems to be generally understood in railway circles that the new freight depot is to be built here this season.

Semi-weekly subscribers are coming forward rapidly in order to be entitled to participate in the drawing next Tuesday.

W. L. Coffin has removed his real estate office across the street to the Swan Robinson spacious office in the Masonic building.

Mrs. Hannah B. Pilecock, mother of John H. Pilecock, deceased, has petitioned the Probate court for letters of administration. The hearing is set for 10 a.m. April 15.

The local police court is undertaking to keep the gravel pits supplied with laborers. About six a day is the average commitment, besides a large number of fines are collected.

It is expected the police will get their new uniforms in a few days. They will doubtless eclipse those now worn by the employees of the motor line and will be more expensive.

The unsightly electric light poles that have become so much damage to property and endangered and sacrificed lives will have to be removed. It is expected a petition to that effect will be presented at the next meeting of the city council. Prompt action should be taken.

The funeral of Mrs. Emma Watts, wife of Harry Watts, an engineer of the Central Pacific railway, was held at the Episcopal church yesterday afternoon. A goodly number of friends and acquaintances being present. The interment was in the city cemetery.

There are a large number of new and improved brick buildings to be put up this season many of which have been contracted for. One of them, that of Wright & Sons, will be three stories high and cost about eighteen thousand dollars. The foundation was completed last fall.

The drama dramatic club of Salt Lake City will appear at the home house this evening. The display of talent will exceed anything ever before produced in a foreign language in this city. The actors speak in the language of the Spaniards, Danes, and Norwegians, and will doubtless have a good audience from those classes.

Manders & King's Highland addition was placed on the market yesterday. This choice plot of property has lately been placed and accepted by the city and lies between Seventh and Eighth streets, and between Third East and Sixth East. This is in close proximity to the new university, and the street railway crosses this property on one of the north and south streets.

An Engine Disabled.

The Southern Pacific morning train from San Francisco came in yesterday last week at 6:30 a.m. two hours late. The first section derailed by engine No. 305 was an hour and thirty minutes late at Torrance, arriving in heavy passenger train, and was making good headway when Blackfoot was reached. A little this side of that station, an accident happened to the engine which disabled one axle and some steam was supplied, allowing the machinery after which the engineer succeeded in making the balance of his run without further delay. The engine was provided with Stephens' automatic cut off, as in most of the passenger engines of that road, and the automatic crank which was weakened by a flow near the crank pin gave way. A great crack in the axle was noticed by the crew and shown in almost meeting that portion of his machine and the skill with which he ran his train to its destination.

The Opera House.

At the meeting of the citizens interested in the proposed opera house, held last evening, Dr. A. S. Condon, chairman of the soliciting committee, reported that thirteen persons had agreed to subscribe \$1,000 each and that this added to the smaller amounts subscribed aggregates \$25,000.

C. Wardleigh stated that he had secured subscriptions amounting to \$60,000, conditional upon procuring a certain site. The soliciting committee was instructed to confer with Mr. Wardleigh and see if some compromise could be arrived at.

A Denver advertising man submitted a proposition to get out a hand book of Ogden for the modest sum of \$500 per page. He was given no encouragement and the meeting adjourned.

First District Court.

Before Judge Henderson in Ogden yesterday:

In the case of John Stoddard vs. James B. Stoddard et al. an order was entered allowing deposition to be taken.

W. E. Burback et al. vs. Elizabeth Shaw et al. was taken up and argued before the court.

Real Estate Transfers.

Filed for record during the twenty-four hours ending at noon yesterday:

George S. Dean et al. to John M. Whitton, parts of sections seven and eight, township six, north of range one west: \$2,500.

Adam Patterson et al. to Ogden City and Park Addition, Ogdenville city, which carries the streets of the same to the city and people.

Henry H. Rolapp et al. to Ephraim H. Nye et al., a part of lot eight, block fifteen, city B: \$1,000.

The white, concentrated Laundry Soap called "Amberst" is now being placed on the market by the Utah Soap Co. It is certainly a startling innovation. "Amberst" informs us that the Steam Laundry, Woolen Mills, and other establishments in cleaning have adopted its use and that it contains neither resin or water, thus doing twice the work with one half the labor that ordinary soap will accomplish.

A DAILY CONVERSATION.

"Mrs. Smith, where do you buy such fine coffee?"

"At John McDonald & Sons. They keep the finest groceries in the city."
